

Country & people: General information about Uganda

Uganda - the Pearl of Africa - is a country that **still has its original african traditions**. One can experience that, just a few miles from most of the main towns. **Agriculture forms the most important sector** of the economy and almost 80% of the population still earn their living from it.

The tourism industry is not yet as well developed as in the neighbouring country Kenya. And because of this, one is able to enjoy the beauties and the wonders of this country without worrying about crowded tourists.

In fact the government of Uganda has started to encourage the development of the tourism industry. For example the development of the infrastructure is already under way. For example there are already **hundreds of lodges, apartments and hotels in Uganda**.
