

Dipl.-Geograph Dr. Arndt Embacher

Dr. Arndt Embacher holds a diploma and a **PHD degree in Geography**. During his studies at the University of Trier he specialised in the physical geography as well as in socioculture of (east-) Africa. His first visit of Africa was 1995 (Kenya).

During his first stay in Uganda the idea for this website was born: the first big web portal for Uganda in the internet. Because: Uganda is **a fantastic country for traveling Africa**, but it is more or less unknown.
