

Car hire in Uganda

Please note: Food, accommodation and additional expenses (tips, entry, fees etc) are often ridiculously inexpensive. **Spend the saved money on a good car**, preferably with an ugandan driver. **That leaves you safari still affordable and you avoid any trouble.**

On your individually planned journey a reliable car - preferably with a reliable driver - is the **key to a successful stay in Uganda**. Please budget a major part of your money on that. An european standart off-road vehicle will cost you easily between 80 and 120 US\$ per day.

We show on our database the providers in Kampala which offer off-road vehicles and street cars. For most of them applies:

- A lot of cars can be hired only **with drivers**. The price is then inclusive.
- At most providers the price differs between the use inside or outside Kampala. That means for a safari in one of the national parks you will pay more then for the use of a car inside the capital.

A driver can really be an **advantage**. He brings you savely from one place to the other and you can enjoy your holiday and relax. This is especially true if you are not used to left-hand traffic.
